Learning real life things
This instructor has been very knowledgeable and experienced and he had a very useful teaching method
Teacher has real world experience and good examples to show in class
Real world examples
Format of the class was great. I like the ability to do work in class right after learning the material.
I absolutely loved this course! All of the materials and work were fully useful in class and can easily be transferred to real-life situations. Instructor is very knowledgeable and up to date.
This class was very interactive and allowed everyone to participate. It was very enjoyable overall.
The inclass work and the structure
I like the in-class worksheets to help us future grasp the concepts learned. That the expectation for this class were stated.
Great Professor!
Super Nice!
Solid Teacher, Enjoy Real Estate.
Loved It! Such an amazing teacher. I learned an exceptional amount
He related the material to real world examples from his work I the past. And things I learned were useful.
Great professor! Excellent class!
Most practical course offered in this program
The format/structure was great! Doing problems in class really helped!

What suggestions would you make to improve this course?

Don't require to buy the textbook
Great Job
Make this the week course as it is very interesting and fun. I learned a lot more in this 5 week course than I did in the past 16 week Finance course that was completely useless
None, this class was great as it is
More questions on exams, as missing a few could result in a whole letter grade.
None
Nothing
Course is good!!!
Maybe a little more hands on, practical work
None – good format & great instructor!
None – keep it the same
